

## Comments design proposal UREASON website March 2 2015.

### 1. Homepage with cart

This design is in the upper right corner too busy. Please remove the telephone number and the shopping cart.

The use of several font types is also a reason that this pages looks busy. Please restrict it to two font types and be consequent in the use of upper- and lowercase.

## 2. Service page with cart

Same comments as on the homepage. And use also 'Our Clients' instead of 'Client Using'.

## 3. Mouse over white straight corners with cart

The white square is too big and dominant. Please use it like on the live Fortis theme websites like:
