

Hello!

I need a logo for an online store that will focus on selling work out and sporting equipment and clothing.

The name of the company is Plus Fuel or + Fuel.

We are open to suggestions. Please feel free to be creative. We were contemplating the idea of the logo being a plus sign and the word fuel. So "+fuel".

Logos that we like are like the Under Armor logo. We need something that represents energy and fitness.

Let me know if you have any questions :)
