

DIY Stand Alone Multi-Purpose Eco-Room

Do you need a quiet place to think?

To work?

To house guests?

To garden?

For the kids to play?

For the adults to play (cards, man cave, hunting/fishing shack)?

To store unused furniture, books and boxes?

If you need to get away, look no further than your back yard. Introducing the stand alone (detached) DIY multi-purpose room that is also eco-friendly. The DIY ECO-Room installs in just two days with two people. Grab a friend, a drill, a step ladder and a cooler of your favorite beverage and in just two days you will have the extra space you desire.
