For the back, I would like to have the A logo where the scroll is. Everything else is great the way you can adapt to a certain card.

I would like this to be Blue and type here in Grey

I would like this scroll to be my logo A instead

The ability to add two photos is perfect

I would like this to match: to be able to write in this color in it in Grey to match the

the top blue and
or black and type
? Background...
